

Announcement No. 4
Rector of the Poznań University of Life Sciences
of March 11, 2020

on the spread of SARS-CoV-2 virus

In connection with the spreading SARS-CoV-2 virus, following restrictions are introduced:

- All didactic activities are canceled for the period from March 12th to March 26th, 2020. This applies to BSc, MSc and PhD studies. During this period, diploma exams and diploma research is allowed.
- The exchange of persons with all the foreign partners is suspended until March 31st, 2020.
- University staff works according to the existing rules. Work should be organized in a way that limits direct contacts by making more extensive use of telephone and internet contacts. In justified cases, at the employee's request through the direct superior, it is possible to introduce home work (remote work) mode.
- Staff members, PhD, MSc and undergraduate students returning from abroad are recommended to remain at home to monitor their health for the period of 14 days.
- Students dormitory residents are not allowed to receive guests until further notice. Organization of events is forbidden in the dormitories.
- All events and academic meetings with more than 50 participants are suspended until further notice.
- University staff and students are asked to provide current information on hospitalization, quarantine (at home or in student housing, etc.) or sanitary observation, respectively, to the Department of Human Resources (618487046) or the Department of Studies and Student Affairs (618487009).
